Education

Vellore Institute Technology

Aug 2023 – May 2027

- GPA: 8.87/10.0

Internship Experience

amasQIS.ai

May 2025 – Oct 2025

Full Stack Intern

- Collaborated on AI-driven platform features and usability improvements.
- Analyzed user interaction patterns and platform behavior to identify improvement opportunities.
- Participated in testing, debugging, and feedback-based feature refinement.
- Worked in a fast-paced startup environment with exposure to agile collaboration, product discussions.

Projects

Customer Feedback & Product Analytics Dashboard

- Developed a product analytics dashboard to evaluate customer feedback and product usage behavior.
- Conducted EDA using Python and SQL to identify user behavioral patterns.
- Processed and transformed datasets using Pandas and NumPy for reporting and decision-support analysis.
- Designed interactive Power BI dashboards to visualize retention trends, and customer engagement metrics.
- Generated actionable insights and recommendations focused on improving user experience and product.

UniVibe – Peer Interaction Platform

- Built a user-focused interaction platform emphasizing onboarding experience and preference-based matching.
- Evaluated interaction behavior and usability patterns to improve overall user experience.
- Contributed to feature ideation and workflow refinement based on platform engagement goals.
- Managed backend coordination and real-time interaction systems using Firebase.

AI Customer Interaction Workflow Simulator

- Designed AI-assisted customer interaction workflows simulating onboarding and support experiences.
- Structured conversational logic to improve communication flow, response clarity, and user guidance.
- Explored practical applications of AI automation in customer-facing product environments.
- Focused on optimizing interaction journeys and understanding user experience within conversational systems.

Leadership & Extracurricular

National Service Scheme (NSS), VIT Bhopal

- Coordinated student initiatives and managed outreach activities with collaborative teams.
- Worked on planning, communication, and execution of engagement-driven events.
- Strengthened analytical thinking, coordination, and problem-solving skills through leadership activities.

Pahadi Club, VIT Bhopal

- Organized student engagement events and coordinated participation initiatives.
- Assisted in event planning, communication, and execution workflows.
- Collaborated with teams to improve outreach and interaction effectiveness.

Skills

Product & Business Skills: Product Analysis, Market Research, User Behavior Analysis, Product Analytics, Feature Evaluation

Technical Skills: Python, SQL, Excel, Pandas, NumPy, Firebase

Visualization & Tools: Power BI, Google Sheets, Jupyter Notebook, Google Colab, Canva

Core Strengths: Problem Solving, Communication, Cross-functional Collaboration, Analytical Thinking, Agile Adaptability, Attention to Detail
